Value Proposition

Voice of Customer (VOC)

Clear, guided experience from start to finish — find programmes, map modules, apply for aid, and track progress in one place.

Voice of Business (VOB)

- One data-driven platform that raises satisfaction and service quality
- SMU gains measurable improvements across all CTQs — clarity ≥4.3, response ≤48 hrs, aid processed ≥95% on time.

Global Exposure Hub

Voice of Employee (VOE)

- Reduced admin load through automation, fewer emails, and faster case resolution via integrated support tools.

Global Exposure Hub

Homepage for Centralized Information

Problem

SMU global exposure programme info is scattered, making it hard for students to discover options and compare requirements.

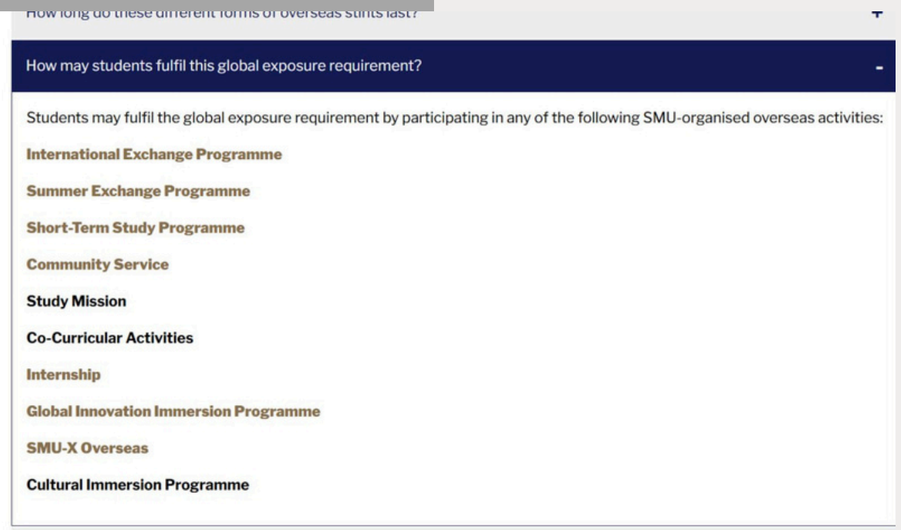

Action

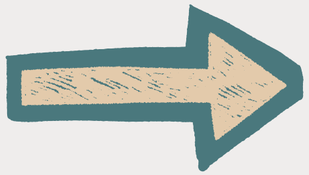

Create a unified homepage that displays all eligible programmes (exchange, short term study programme, OCSP, etc.), each with clear details, financial aid info, and application links.

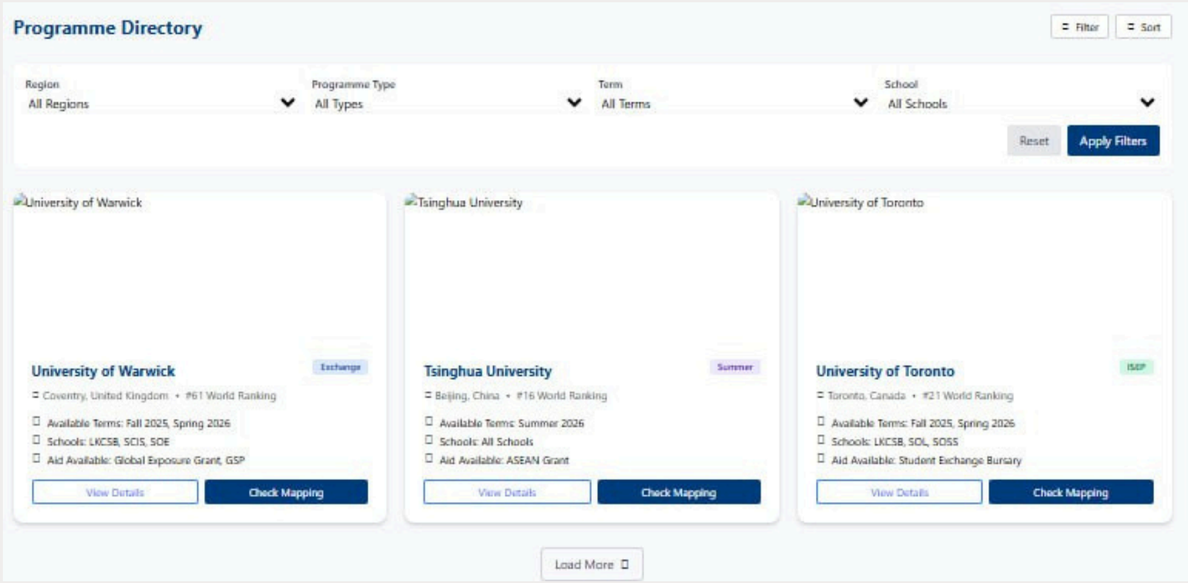

Value

Students quickly find relevant opportunities and understand requirements in one place, reducing confusion and missed chances.

Global Exposure Hub

Credit Mapping Tool

Problem

Credit mapping for exchange is confusing, slow, and requires checking emails and manual tracking.

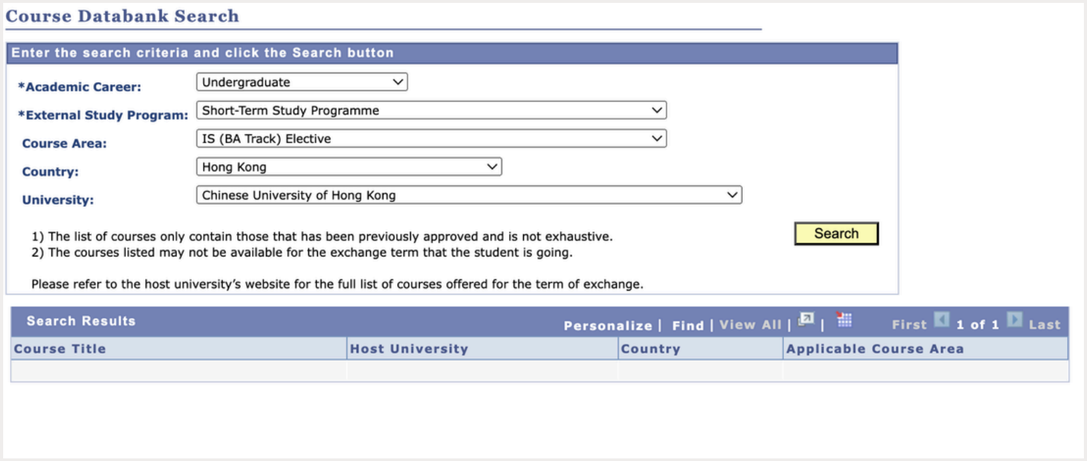

Action

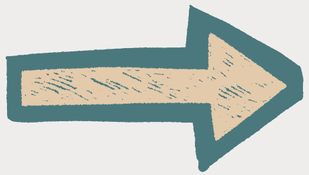

Integrate a digital credit mapping tool that lets students input their major/courses, browse pre-approved mappings, and get AI recommendations for matching exchange modules.

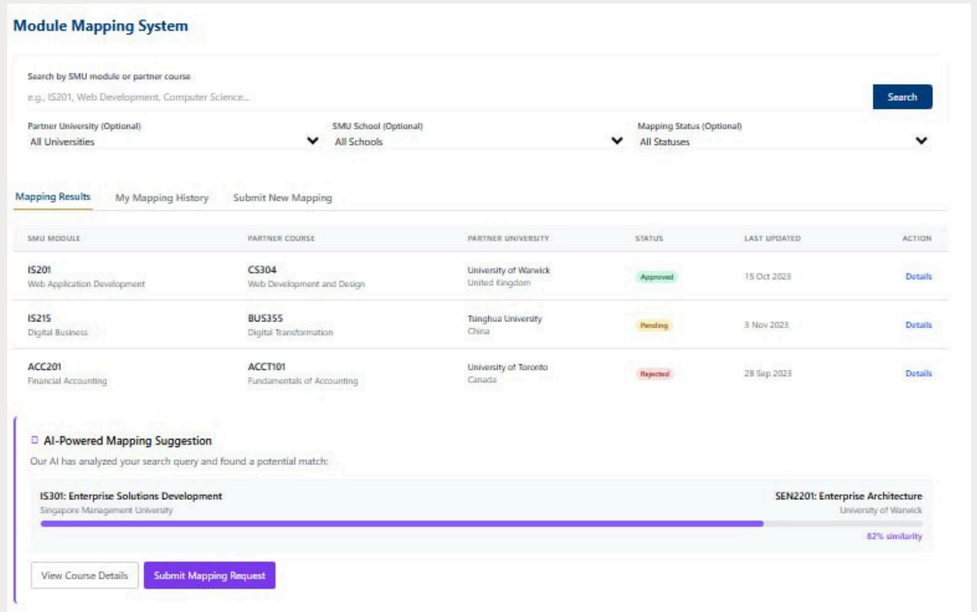

Value

Students spend less time on admin work, get faster approvals, and minimize mapping errors, making the exchange process smoother and more accessible.
